The department was established in the year 2006. The Department is running Master of Social Work (MSW) and Ph.D. (Social Work) Programmes for Urdu knowing students and see it as a great opportunity to work with these students. With the first batch of Master of Social Work (MSW) starting in 2009, the department has evolved to develop a large network with the NGOs and governmental agencies in and around Hyderabad to provide effective and rigorous field work training. The experiences of running the course, consistent queries from students, feedback from the pass-out social work students, the department's own assessment of the market requirements, the mandate of MANUU and Urdu as medium of instruction resulted in innovative teaching and learning methods. The regular weekly individual conferences, field work seminars and skill labs have added to the creativity and commitment of the Department to enhance and enrich the knowledge and skill base of students. More recently department is experimenting with visual narratives through documentary film screenings and post-screening discussions for making sense of (hegemonic) common sense. It endeavours to facilitate students in questioning their own perceptions, develop sensitivity to issues and imbibe progressive human values. The department has also started Ph.D. programme from the academic session 2014-15. The research focus of the Department is 'Minorities with special reference to gender issues with emphasis on practice based/intervention research'.
